

November 11, 2020, we had collected suggestions from all classes about the blind angle in and out of campus. Improvement report had been made in campus safety maintenance meeting on January 7, 2021. The details are as follows:

Item	Suggested content	Ways to improve	Remarks
1	The pedestrian walkway behind the guard room in the dormitory area to the locomotive shed is dimly lit.	On sidewalks and lanes, repair some damaged lamps, increase lamps and enhance lighting.	
2	The driveway in front of Da Xi Square in the dormitory area is dimly lit.	1. Advise students not to go to this section as much as possible, and if necessary, please travel with friend. 2. There are lights on the driveway and street lamps on Jianguo Road at night in this area, and there is no dim situation.	
3	In the dormitory area, the lights in the passage between the first and second dormitories are dim.	Repair some damaged lamps and add lamps to enhance lighting.	
4	Wild dogs gather in groups to attack passers-by on the road from The campus to Tzu Chi University's Human and Social College.	On 11/16, the student assistant group, the affairs group and the student who had been attacked by dogs recently went to the Human and Social College, consulted colleagues in the General Affairs Office of Tzu Chi University, informed the situation and identified the dog. The school said that it would deal with the attacked dog at an optional time; In addition, remind students passing through this road section to travel together and avoid traveling alone.	
5	There is no obstruction behind the sewage treatment area, and students often enter to smoke.	Iron gates have been installed to restrict the area.	
6	The dormitory car is dimly lit.	Inductive lamps have been installed.	
7	The route of Ji Ci Road is dim.	It has been reported to Ji'an Branch and Tai Chang	

		Police Station as the focus of police inspections.	
8	There are unusual people in Xuanwu Palace.	It has been reported to Ji'an Branch and Tai Chang Police Station as the focus of police inspections.	
9	The route of Ming Yi Fifth Street is dim.	It has been reported to Ji'an Branch and Tai Chang Police Station as the focus of police inspections.	
10	The lanes behind Zhi Mei Building were dimly lit.	Increase lamps and enhance lighting.	
11	The parking lot under the Jian Guo Road overpass is not well lit at night.	Repair some damaged lamps and increase lamps to illuminate the area.	
12	The south lane of the campus is dimly lit.	Repair some damaged lamps and increase lamps to illuminate the area.
